

KHIDMAT CHARITABLE TRUST

Regd No. E19852

Since 2001

Where Kindness Begins ...

INTRODUCTION

Khidmat Charitable Trust, based in Mumbai, India, is a nonprofit organization committed to serving underprivileged communities through various humanitarian initiatives. The Trust provides critical medical support including free medicines, surgeries, dialysis, and chemotherapy for poor and needy patients. It also offers financial aid for treatments and education scholarships to deserving students. Beyond healthcare and education, Khidmat runs projects for special schools, organizes community welfare events, and distributes monthly ration kits to families in need. With a focus on compassion and dignity, Khidmat aims to bring lasting change in the lives of the underprivileged.

Registration Under:

Public Trust Act 1950 | 12 AA & 80G of IT Act | NGO Darpan

CSR-1, Ministry of Corporate Affairs | FCRA

TESTIMONIALS

Shabina Shaikh:
From Silent Suffering to Self-Reliance
Location: Shastri Nagar, Govandi
Age: 31

A mother of three-Junaid, Obaid, and Naved-Shabina endured 13 years of domestic abuse. One violent assault by her husband ruptured her eardrum, forcing her to leave the toxic relationship. For the past three and a half years, she has worked as a housekeeper to support her children. Since then, Khidmat Charitable Trust has been her backbone, covering her medical needs, household expenses, and providing monthly ration support-empowering her to reclaim her life with dignity.

Iftekhar Ahmed Shaikh:
Rebuilding Life After a Tragic Fall
Location: Sankli Street, Madanpura
Age: 48

A hardworking bag manufacturer, Iftekhar was the sole earner for his wife and three children. In May 2018, a tragic accident at a construction site left him paralyzed after a fall from 18 feet. His life came to a standstill-but KCT stepped in, covering all his medical, personal, and household expenses, ensuring that his family remained stable and his treatment uninterrupted. Without this support, survival would have been a daily battle

Nanda Shridhar Dange:
A Second Chance at Life
Location: Nair Hospital Quarters
Age: 55

Divorced for over 25 years, Nanda worked as a sweeper at Nair Hospital, living alone on a modest salary of ₹10,000. During a routine checkup, she was diagnosed with complete kidney failure. With no resources to afford treatment, her case was referred to Khidmat's Dialysis Centre by Dr. Salman. For the past six months, she has been receiving regular, free dialysis, giving her the gift of life and stability she never thought possible.

OUR PROJECTS

Medical Aid Program

Khidmat Charitable Trust (KCT) is committed to ensuring that financial hardship never becomes a barrier to quality healthcare. Through its Medical Aid Program, the Trust provides free medicines, financial assistance for treatments, and guidance to underprivileged patients, helping them access timely and affordable medical care with dignity.

KCT conducts weekly Medicine Distribution Camps every Tuesday, Wednesday, and Saturday from 9:00 AM to 1:00 PM, where eligible patients receive free medicines once every two months through a transparent token system. Beneficiaries are required to submit essential documents, including a doctor's prescription, Aadhaar Card, ration card, hospital documents (where applicable), and a passport-sized photograph to ensure assistance reaches those most in need.

Beyond medicine support, KCT facilitates life-saving surgeries by partnering with government and charitable hospitals and provides guidance to help patients avail benefits under various government healthcare schemes. These initiatives have transformed thousands of lives by reducing financial burdens, improving access to treatment, and reinforcing KCT's mission of building a healthier, more compassionate society.

OUR PROJECTS

Cancer Care Program

Cancer is one of the leading causes of death worldwide, but timely diagnosis and proper treatment can save countless lives. Guided by this vision, Khidmat Charitable Trust (KCT) runs a dedicated Cancer Care Program to provide compassionate medical and financial support to underprivileged patients, ensuring that no one is denied treatment due to financial hardship.

Every Sunday, KCT organizes Free Cancer Care Camps, where patients receive expert medical consultations, treatment guidance, and access to essential therapies, including chemotherapy, radiation therapy, surgery, immunotherapy, targeted therapy, and hormone therapy. The Trust also provides life-saving cancer medicines and financial assistance to eligible patients, helping them continue their treatment with dignity and hope.

Believing that early detection and timely care can transform lives, KCT remains committed to delivering accessible, affordable, and comprehensive cancer care. Through partnerships with hospitals, healthcare professionals, and generous donors, we continue to restore hope, improve treatment outcomes, and stand beside patients throughout their journey toward recovery

OUR PROJECTS

Dialysis

"It takes courage to live a life on a machine." Chronic Kidney Disease (CKD) affects lakhs of people across India every year, yet thousands are unable to continue life-saving dialysis due to its high cost. Recognizing this urgent need, Khidmat Charitable Trust (KCT) established its Dialysis Centre in 2016 at Nagpada, Mumbai, to provide affordable and accessible treatment to underprivileged patients.

The centre is equipped with 16 advanced dialysis machines, operating in two shifts and serving up to 32 patients daily, with a capacity of approximately 800 dialysis cycles every month. Each dialysis session is offered at a highly subsidized cost of ₹950, making quality treatment accessible to those who need it most. Beyond dialysis, KCT also provides essential medicines, injections, nutritional support through ration distribution, and assistance in availing government healthcare schemes.

Since its inception in 2016, the Khidmat Dialysis Centre has successfully completed over 100,160 dialysis cycles, giving thousands of patients a renewed chance at life. Through compassionate care, affordable treatment, and community support, KCT continues its mission of ensuring that no patient is denied life-saving dialysis due to financial hardship

OUR PROJECTS

Education Support Program

Khidmat Charitable Trust (KCT) believes that education is the foundation of a brighter future. Through its Education Support Program, the Trust empowers deserving students from underprivileged backgrounds by providing scholarships for higher education, including medical, engineering, and other professional courses, ensuring that financial limitations never become a barrier to achieving their dreams.

Beyond scholarships, KCT conducts career guidance seminars and counseling sessions to help students make informed academic and professional choices. Recognizing the importance of digital learning, the Trust also provides tablets and laptops to deserving students, enabling access to e-books, online classes, and educational resources. KCT further assists students in applying for government scholarships, maximizing their opportunities for financial support.

Through collaborations with educational institutions and charitable organizations, KCT continues to expand its impact and create opportunities for aspiring youth. By investing in education, technology, and career development, the Trust is nurturing future doctors, engineers, professionals, and leaders who will contribute positively to society.

EVENTS

Ummeed Special School

For the past 8 years, Khidmat Charitable Trust has been conducting regular support camps for Ummeed The Hope Free Special School in Mumbra. These camps provide free special education, therapies, medical aid, and assistive devices for children with intellectual, hearing, and visual disabilities.

Additionally, through the Livelihood Support Initiative, the Trust distributes monthly ration kits to underprivileged women linked to the school, promoting dignity, hope, and family well-being.

Project E-Cart

Khidmat Charitable Trust's E-Cart Project is an initiative to combat unemployment by creating income-generating opportunities for underprivileged individuals. Through this program, beneficiaries are encouraged to become self-reliant, develop entrepreneurial skills, and build sustainable livelihoods with dignity. By empowering individuals to earn rather than depend on assistance, we aim to create long-term social and economic impact within the community.

"We believe in giving a fishing rod, not a begging bowl."

EVENTS

Empowering Students, Shaping Futures

Khidmat Charitable Trust proudly sponsors Kawish, an inspiring initiative focused on student counselling and career guidance in Mumbai. Led by dedicated teachers and mentors, Kawish supports underprivileged students in making informed decisions about their education and future careers.

Together, with the spirit of unity and hope, we echo Kawish's powerful tagline:
"**Hum Honge Kamyab**" — We shall overcome.

COVID-19 Relief Drive

During the 2020 lockdown, Khidmat Charitable Trust launched an emergency relief campaign to support vulnerable families—including daily wage earners, migrants, single women, and the elderly across Mumbai, Thane, and Palghar.

With the support of volunteers, Khidmat distributed thousands of one-month ration kits, offering not just food but hope to those in urgent need. This mission was made possible by the generosity of donors and the bravery of frontline heroes.

CORE AREAS OF WORK

- **Medical**
  - Around 63 million Indians are pushed into poverty each year due to medical expenses
  - Only 1 in 5 poor patients receive timely surgery or treatment in public hospitals.
  - Support for urgent surgeries and emergency treatments.
- **Cancer**
  - Annually, 1.4 million cancer cases are reported, but more than 60% drop out due to high costs.
  - Financial aid and medicines for cancer-affected families.
- **Dialysis**
  - Over 2.2 million people need dialysis, but only 1 million receive regular sessions.
  - Free dialysis centers for underserved patients.
- **Education**
  - 35 million children aged 6--14 do not attend school due to poverty and lack of support.
  - Scholarships for students from low-income backgrounds.

TRUSTEE's MESSAGE

From the Trustee's Desk

Since its founding in 2001, the trust has grown from a small initiative focused on healthcare and education into one of Mumbai's leading charitable organizations. This journey, driven by hope and collective action, has been supported by generous donors, volunteers, and partners who helped turn compassion into real change.

The trust has made a meaningful impact—from providing essential medical aid to supporting education—always guided by the belief that every small act of kindness matters. The trustees express deep gratitude for the trust's growth and emphasize the continued need to evolve, collaborate, and expand their efforts to ensure access to healthcare and education for all.

They thank their supporters, whose generosity has been the foundation of this mission, and invite everyone to be part of the future journey—building a world where all individuals can heal, learn, and thrive.

When Allah blesses you financially, raise your standard of giving.
